LARC Picnic

March 15, 2014

We had over 40 people show up at the picnic in March. A big thanks to Roger for the Roast Beef. It was great!!!

The station was on the air and George, KI4NBE, was on the air with his station working lots of DX. He also hid the FOX and it was a challenge to locate. Everyone pitched in and the young people offered there helping hands. Thanks to all for a great picnic.

VISTE

Volunteers in Service to the Elderly

Ashley Miller

Volunteer Coordinator

Ashley was born and raised in Lakeland, and graduated with her B.A. in Communication from Florida Southern College in 2008. Ashley interned at VISTE before accepting the position as Volunteer Coordinator nearly six years ago. When asked why she loves working at VISTE, she replied, “I have the greatest job in the world. Grateful clients, awesome volunteers, it’s the best of both worlds. We live in an amazing community and I am humbled every day by the enormous amount of support we receive to help preserve our greatest generation.”

LARC Tail Gate

I am continuing to search for a suitable location to have a LARC tailgate. The locations that I have tried, churches and small business locations have been shying away from that type of affair as they do not want to be deluged with the growing number of charitable organizations seeking to do similar types of sales. I believe we can have a Tail Gate that will surpass the limits of the location at Golden Corral. I have been looking for a location that would be on the East side of town in hope of including the LWRA hams.
