

## LARC TWO METER NET AND TRADERS NET PREAMBLE

Is there anybody that needs to use the repeater before we start the net? \_\_\_\_\_ (your call sign). If no reply, start the net. If there is a reply, proceed as needed.

CQ all stations, this is the K4LKL repeater, located in Lakeland, Florida, sponsored by the Lakeland Amateur Radio Club and we now call The LARC Two Meter Net and Traders Net to order. This is \_\_\_\_\_ (call sign) and my name is \_\_\_\_\_ (name). The net meets every Thursday at 7:30 PM local time. It is combined with the Trades Net, so all stations if you have anything to buy, sell, or want, please check it in as you check in. Every licensed ham in hearing distance of the Lakeland Repeater is welcome to check in. After check-ins are completed, I will ask for informals from each check-in.

Information about the Lakeland Amateur Radio Club can be found on-line at our web site. The URL is [www dot Lakeland ARC dot ORG](http://www.LakelandARC.ORG) Be sure to visit the site for updates, information and local events.

3. Any short timers.

4. I will now take further check-ins as follows:

Base Stations Gulf Through Lima  
Base Stations Mike through Tango  
Base Stations Uniform through Zulu

5. Lets go back to the stations with formal traffic or bulletins and general announcements.  
(call those stations one at a time.)

6. After traffic is done, and questions have been answered, ask for check-ins Alpha through Zulu before proceeding to informals from each check-in. Remember to say: "This is the Lakeland Amateur Radio Club Two Meter Net and Traders Net" at 15 minute intervals, and ask for check-ins.

7. After informals are done, ask "are there any late check-ins?" ---- Please check in now.

8. Does anyone have anything to offer or obtain before we close the net?  
(Acknowledge these stations as needed.) I will now close the net. My records show that we had \_\_\_\_\_ (give total) check-ins.

I want to thank all stations for participating and now return the repeater back to general amateur use. This is \_\_\_\_\_ (call sign) Out.
